Commissioner for Patents

The information disclosure statement (IDS) filed July 24, 2001 has been considered by the examiner, and a copy of the examiner-initialed form PTO-1449 is attached.

All of the prior art references cited in the IDS were also part of the examiner's art search result conducted prior to the allowance of the application. The references were considered prior to the allowance of the application. Therefore, the delayed consideration of this timely filed IDS does not effect the decision on allowing the claims.
